Immunofluorescence & Industry CV Workshop

Wednesday 29th June 2022 3.30-4.30pm

SR 14, Theoretikum, INF 306

Food and drinks provided!

Led by Dr Rebecca Northeast - Product Manager and Scientific Liaison at Proteintech.

Part 1: Optimize your experiments with our comprehensive IF workshop. Our antibody expert will take you through each step of the IF workflow and tackle complex troubleshooting, to help you get publication worthy results.

Part 2: Hear from Rebecca's first hand experience of transitioning from Academia to Industry. Gain vital insights into industry CV writing and top tips for your future applications.

The workshop will include:

- **In-depth Q&A with antibody expert**
- **Certificate of attendance**
- **Free refreshments & antibody samples**
